CUTE AS A BUG

Please read all instructions carefully before starting. All instructions include a 1/4" seam allowance and strips are cut from selvage to selvage unless otherwise stated.

1. Cut the following:

Fabric A - cut 1 - 18 1/2" x 23 1/2"

Fabric C - Borders: cut 4 - 3" strips, subcut 2 - 3" x 38 1/2" and 2 - 3" x 35 1/2"

Fabric D - cut 1 - 2" strip, subcut 2 - 2" x 18 1/2"

cut 3 - 3 1/4" strips, subcut 28 - 3 1/4" squares, cut in half diagonally from both directions for 112 triangles ☒

Fabric E - Borders: cut 8 - 1 1/2" strips, subcut:

2 - 1 1/2" x 26 1/2" and 2 - 1 1/2" x 20 1/2"

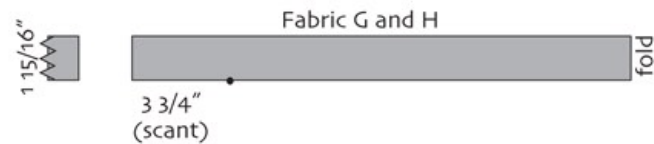

2 - 1 1/2" x 36 1/2" and 2 - 1 1/2" x 30 1/2"

BINDING - cut 5 - 2 1/4" strips, sew end to end and press in half

Fabric G - cut 5 - 1 15/16" (scant 2") strips, subcut 28 left and 28 right half trapezoids (*see below)

Fabric H - cut 5 - 1 15/16" (scant 2") strips, subcut 28 left and 28 right half trapezoids (*see below)

*To cut half trapezoids from 1 15/16" strip, first, with strip folded, make a straight 90° angle cut to straighten the ends and cut off selvages. Next, measure a scant 3 3/4" from the first cut along the bottom raw edge of the strip. Cut inward at a 45° angle by placing the 45° line of the ruler even with the bottom raw edge. Since the strips are folded you will be cutting a left unit and a right unit at the same time. Next, measure a scant 3 3/4" along the top raw edge of the strip from the top end of the previously cut unit, then make a straight (90°) cut according to the diagram. Continue by cutting one unit up, then one unit down until all 28 of both are cut.
